GB-1502 Backpack

Fits up to 14～15.6 inch laptop

Genius introduces a new backpack with style, simplicity, and elegance. The GB-1502 is designed for the casual business traveler with an outstanding look and feel while maintaining a professional appeal and providing solid protection to store your essentials.

This backpack protects your computer in a high-density padded computer section with additional storage for your iPad or tablet PC using a security strap. The front zip pocket gives you access to the items you need most, smart phones, cables, earphones and business cards. The GB-1502 backpack is the perfect partner for your laptop while you are on the go.
